### Social Security Caregiver Credit Act

H.R. 3377 and S. 2721

Provides a social security credit to be added to a person's total career earnings and used to calculate future social security benefits. This is a progressive benefit for caregivers who spend at least 80 hours a month providing care. This includes caregivers of a parent, aunt, uncle, grandchild, niece, nephew, spouse, or domestic partner.

**Sponsors:** Representative Nita Lowey (D-NY); Senator Chris Murphy (D-CT)

### The Caregiver Advise, Record, Enable (CARE) Act

The Caregiver Advise, Record, Enable (CARE) Act has received bipartisan support from state lawmakers across the country. While slightly different in each state, the CARE Act has three common essential elements. The law requires that hospitals:

1. Record the name of the family caregiver on the medical record of your loved one.
2. Inform the family caregiver when the patient is to be discharged.
3. Provide the family caregiver with education and live instruction of the medical tasks he or she will need to perform for the patient at home.

The CARE Act has been passed in nearly 35 states and counting.
