Caregiver Support

Support Caregiver Based Psychosocial Intervention by:

- Partnering with the Alzheimer's Association chapters to deliver support groups for each informal caregiver of the state.
- Partnering with Alzheimer's Association chapters and other entities to provide respite care (8 hours/week) for informal caregivers in need.
- Partnering with the Alzheimer's Association chapters to provide on-going scalable education for informal caregivers.

Community Colleges

Partner with Community Colleges to Produce a Workforce to Deliver the ABC Model Specifications:

- Graduating sufficient number of community health workers specializing in the ABC model.
