Unified Strategy: Process Recommendations

1. Establish and maintain a formal task force of family caregiving stakeholders.
2. Assess the needs of the family caregivers statewide and as well as the availability and capacity of existing services and supports to address those needs.
3. Develop a state plan for family caregivers across the lifespan using the framework to establish policy recommendations in key person-centered domain areas.
4. Engage stakeholders in the design, implementation and ongoing evaluation of the plan.
5. Establish measurable goals for implementing the state plan that will guide the periodic evaluation of plan progress and, as appropriate, modification of the plan over time.
6. Learn from the successes and challenges of other states.

Thanks for attending!
